

Dear Practitioner:

WE NEED YOUR HELP TO HELP OTHERS!

Please read the Press Release which explains why and how we are tying 350 Alternative Health Care Treatments in with the mission of 350.org – this is all to raise public awareness around climate change. On this Global Day of Climate Action, please JOIN US!

There are two ways to participate:

Volunteer to provide treatment

Obtain a booth.....or both!

We need practitioners who volunteer to take a shift doing treatments – we anticipate that 1 to 2 hours will be enough time to treat a number of people without experiencing burnout, and we will need people to work with us throughout the entire event, which runs from 10 am to 5 pm.

We are also seeking practitioners who wish to have a booth in the interest of gaining clientele. With a booth you will be able to provide information about yourself and what you do. You may also offer some small services for a fee to the public over the course of the Alternative Health Faire. In addition, you can offer items for sale or make new appointments. This is a great opportunity to explain your modality to a new audience, and increase your clientele.

Booth Fees:

\$95 gets you a 4' to 6' table, basic signage, plus all of the following:

- Prominent placement of logo on 350 tote bags given away with treatments
- Link to your web site on the TPB event page
- Be a part of a GREAT community building event – we anticipate 500 – 1000 participants on October 24th
- Affiliate yourself with like- minded businesses, and be seen by the Salem community as an environmentally conscious business
- Show your support for responsible international agreements surrounding climate change
- Widely publicized – we are in contact with the major news outlets in the Willamette Valley, from Eugene to Portland. We will have web based advertising, as well as print coverage in the local newspapers. Make your business part of the many others who will be acclaimed as supporting our massive efforts on the 24th!
